Dear Collector,

I am pleased to announce the release of the 2002 United States Mint Silver Proof Set.TM This year's set marks ten years of the United States Mint's endeavor to present the world's finest, most elegantly presented silver proof coin set to the public. The 2002 United States Mint Silver Proof SetTM is the latest in a tradition that began in 1992, when the United States Mint reissued the silver proof set.

Each of these beautiful silver proof coins has a distinctive cameo appearance created by the contrast of a finely detailed frosted foreground against a shimmering mirror-like background. A splendid addition to any coin collection, these sets make an impressive gift for someone you love, a present for holidays or birthdays, or a keepsake for a silver anniversary.

The United States Mint Silver Proof SetTM includes all five new quarters issued in 2002 through the 50 State Quarters[®] Program. The Roosevelt dime, the Kennedy half-dollar, and the five new quarters are minted in 90% silver – generally referred to as “coin silver.” The set also includes proof versions of the Lincoln cent, the Jefferson nickel, and the Golden Dollar featuring Sacagawea – 10 coins in all.

As the historic 50 State Quarters[®] Program inspires new generations of collectors, these sets are becoming more popular than ever.

Join me in celebrating ten years of crafting excellence with the 2002 United States Mint Silver Proof Set.TM

Sincerely,

A handwritten signature in dark ink, appearing to read "Henrietta Holsman Fore". The signature is fluid and cursive, with a large, stylized "H" and "F".
